

LE CINQ CODET

PARIS

We are delighted to welcome you at Le Cinq Codet Hotel. The whole team is working daily to ensure a safe and protected environment

ROOM

We consider that your room is highly yours and we hope that you will just feel like home. That is why we pay the greatest attention to it. Rooms, fabrics and beddings are scrupulously cleaned and disinfected.

RESTAURANT

Social distancing can easily be applied at « Chiquette » and its patio. Our Chef David Maroleau proposes menus even more based on local and seasonal products. In accordance with governmental instructions, we encourage our guests to wear a mask from the entrance to their seat and when they are moving in the restaurant. Our waiters will also serve you with a mask.

WELLNESS

Body treatments and massages will be proposed by our spa therapist. She will wear a mask and will encourage you to do so. Please note that our wellness team sets a regular and deep cleaning of the area up to reduce the spread of the virus. However, our fitness area and hammam will not be accessible.

TAKING CARE OF YOURSELF AND OTHERS

We thank you for respecting 4 simple gestures during your stay at our hotel.

Disinfect hands
on arrival

Wearing a mask
in public spaces
and restaurant

Wash your hands
regularly during
your stay

Ensure physical
distance at all times
